

## Newid Hinsawdd – Climate Change

Trefn llywodraethol – mwy lleol a mwy democrataidd. Hyn sydd yn gyrru defnydd tir.  
– Governmental order – more local and more democratic. This is what drives land use

Dysgu gwersi o'r gorffennol – sut roedden ni yn ffermio ers talwm – cynaliadwy –  
Learn lessons from the past – how we used to farm - sustainable

Ad-drefnu – llai o adnoddau i wasanaethau lleol – Reconfigure – less resources for local services

Economi byd eang – dyw adnoddau lleol dim ar gael yn lleol - allforio + mewnfario –  
World wide economy – local resources are not locally available – exporting + importing

Bobl angen deallt y broblem yn ein cymunedau.– People need to understand the problem in our communities

Neb eisiau rhoi gorau i'n safon bywyd. Angen “strong central dictat”, Driven Change, e.g mobilisation tebyg i hynnu ar ol yr ail rhyfel byd. Needs buy-in and strong central government to stop/prevent some actions. –Nobody wants to bring our standard of living to an end. A strong central dictat is needed, Driven Change, e.e mobilisation similar to that following the second world war. Needs buy-in and strong central government to stop/prevent some actions.

Gwrthdaro rhwng LDP a neges canolig. Dim offer yn lleol i wneud y gwaith da'n lleol. Beth am osod targed yn ganolig ond gadael y penderfyniad sut i'r pwerau lleol? Atebion gwahanol yn bob ardal. – Conflict between the LDP and the central message. No local offer to do the good work locally. What about offering a central target, but leaving the “how” decision to the local powers? Different answers in each area.

Engreiffitiau eraill yn Ewrop ee. Swisdir. Other examples in Europe eg Switzerland

Codi pris olew effaith - Increase the cost of fuel-effect

Cyfranogaeth yn bwysig – dowch hanner ffordd a ddaw cymunedau efo ni (ee. Insiwleiddio) – Participation is important – come half way and the communities will join us (ee Insulation)

Beth mae Parciau yn ceisio gwarchod? – What are Parks trying to protect?

Angen cael llwyddiant o beth sydd am ei warchod - Need to see success of what needs to be protected

Trafnidiath – defnyddio system Llundain? Park & Ride? Ffyrdd gwael + dim arian I'w gwella – gwella bysus. Dim dewis bws yn rhai llefydd. Dewis yw'r car. Chicken + egg. Gwella darpariaeth C.C. (cludiant cyhoeddus) -Transportation – use the London system? Park & Ride? Poor roads + no money to improve them – improve

buses. No bus choice in some areas. A car is a choice. Chicken + egg. Improve the provision of Public Transport.

Gofynion am C.C. yn rhy wahanol yn Parcia/cefn gwlad. Public transport demands too different in Parks/the countryside

Technoleg-Technology

Dim ond ceir trydan yn y Parcia? Cost enfawr! Only electric cars in the Parks? Big cost!

Cynllunio hir dymor i lleihau yr angen i deithio. Long term planning to reduce the need to travel.

Cludo nwyddau – loriau anferth – ar y trênn lle bosib. (nid penderfyniad lleol ydy hwn) Transport goods – big lorries – on the train where possible (this is not a local decision)

Penderfyniadau Strategaethol canolig ond hefyd hybu economi lleol. ee. Compostio – gwella tir efo llai o nitrogen Central Strategic decisions but also boost local economy, eg Composting – improve land with less nitrogen

Ceir lot llai o drafnidiaeth yn y gaeaf ac yn ystod hanner tymor/gwylia ysgol. Gomod o ddewis sy'n hyby trafndiaeth. There's a lot less transport in the winter and during half term/school holidays. Too much choice which boosts transport

Cymru'n ffafriol i ffermio mwy cymysg ohwydd ein dŵr. Wales in favour of more mixed farming as a result of our water

Colli dŵr – nid yn ei gadw. – Losing water – not keeping it

Parchu cymunedau cefn gwlad i cael cefnogaeth. Respect rural communities to gain support

Symud pobol yn agosach at eu gwaith - Move people nearer to their work

Cynllunio – defnyddio i hybu micro-gen ee. ffermydd hydro . Annog ella benthyciad, i fusnes neu tai/ ffermydd micro-gen – Planning – use to boost micro-gen e.g hydro farms.

Hen dai yng Nghymru – canran uchel. Ond mae'nt yn gallu fod yn ynni effeithiol. Cadw cymeriad. Balans rhwng gwario i wneud tai yn fwy 'gwyrdd', a'r hyn sy'n bosib. – Old houses in Wales – a big percentage. However, they can be energy efficient. Keep their character. Balance between spending to make the houses more 'green' and what's possible.
